1. INTRODUCTION

These Qualification Regulations (**Regulations**) describe in detail how athletes and teams can qualify for the Paris 2024 Paralympic Games in each of the twenty-two (22) sports on the Paris 2024 Paralympic Games Programme (**Games Programme**). It provides to the National Paralympic Committees (**NPCs**), to National Federations (**NFs**), to sports administrators, coaches and to the athletes themselves the conditions that allow participation in the pinnacle event of the Paralympic Movement.

These Regulations present:

- an overview of the Games Programme;
- the general IPC regulations on eligibility; and
- each International Federation's (IF) own specific qualification criteria for its sport (in alphabetical order).

STRUCTURE OF EACH IF'S SPORT-SPECIFIC QUALIFICATION CRITERIA

Each IF's own sport-specific section in these Regulations follows a standardised format. Readers can quickly locate information or cross-reference it between sports. The standard structure of each IF's sport-specific qualification criteria is as follows:

- Events
- Athlete Quotas
- Allocation of Qualification Slots
- Maximum Quota Allocation per NPC
- Athlete Eligibility (sport-specific)
- Maximum Entries per NPC
- Qualification System (in the order of slot allocation)
- Timeline
- Confirmation Process of Allocated Slots
- Reallocation of Unused Qualification Slots
- IF Contact Information

QUALIFICATION METHODS

There are a variety of qualification methods that IFs may decide to employ, which may depend on the nature and traditions of each sport.

In many sports, the participation of the host country is guaranteed via reserved slots. However, athletes representing the host country still need to comply with all eligibility requirements in order to enter the Paris 2024 Paralympic Games.

The following qualification methods based on performance may be used by IFs. Methods 1, 2 and 3 are referred to as “**direct slot allocations**” as they reward performance at one competition directly with a qualification slot.

1. Placement at World Championships
2. Placement at Regional/Zonal Championships or Regional Games
3. Placement in other IF sanctioned competitions or designated Paralympic qualifiers
4. Rank on a World or Regional Ranking List
5. Rank on a specific Paralympic Qualification Ranking List
6. Achievement of a Minimum Qualification Standard (**MQS**) with or without subsequent Quota Allocation Formula
7. Team Completion
8. Bipartite Commission Invitations

In the event of any inconsistency between IF qualification methods for the Paris 2024 Paralympic Games that are published elsewhere and the IF qualification methods listed in these Regulations, these Regulations will prevail.

QUESTIONS AND UPDATES

For questions regarding sport-specific qualification issues please contact the respective IF. Questions of a general nature can be addressed via email to the IPC Sports Department: juergen.padberg@paralympic.org. Occasional updates to these Regulations may be necessary. Updates are recorded at the end of these Regulations. For the latest version of these Regulations (see date on front page) please visit www.paralympic.org/paris-2024.

At any given time the only valid version of these Regulations is the one published on the IPC website.

OFFICIAL LANGUAGE

The official language of the IPC is English. If any organisation translates these Regulations for internal purposes the English version will prevail in case of discrepancy.

3. GENERAL IPC REGULATIONS ON ELIGIBILITY

In addition to each IF's own sport-specific athlete eligibility criteria, the IPC has established a set of general eligibility criteria that apply to all participants in the Paralympic Games. These general regulations are derived from the IPC Handbook. They ensure that the fundamental rights and obligations of the IPC and its membership are recognised and protected. The general IPC regulations on eligibility are as follows:

IPC MEMBERSHIP

Only NPCs in good standing with the IPC may enter duly qualified and eligible athletes in the Paris 2024 Paralympic Games. NPCs are also reminded that each NF must be in good standing with the NF's respective IF, as required by that IF.

COMPLIANCE WITH IPC NATIONALITY REGULATIONS

Any athlete in the Paris 2024 Paralympic Games must comply with the provisions of the IPC Nationality Regulations published in the IPC Handbook.

MINIMUM AGE REQUIREMENT

No minimum age limit for athletes competing in the Paralympic Games is stipulated by the IPC on a general basis. However, NPCs must note that an age limit may be established by IFs through their own sport-specific rules and athlete eligibility criteria (including those set out in the sport-specific sections of these Regulations). While the Paralympic Games welcomes the world's youth with an impairment, NPCs are encouraged to send to the Paralympic Games only athletes who are adequately prepared for high performance competition.

UNDERSTANDING AND AGREEING TO THE CONDITIONS OF PARTICIPATION

To be eligible for participation in the Paris 2024 Paralympic Games all athletes must sign, and agree to comply with, the IPC Conditions of Participation Agreement. This agreement is part of the NPC registration process.

NPC SELECTION STANDARDS

The IPC recognises and respects the right of NPCs to establish their own national selection standards for determining the qualification of an athlete or team to compete in the Paris 2024 Paralympic Games. Such standards must be compliant with those established by the IPC as well as those of each respective IF. Any national selection standards must also align with confirmation dates and administrative deadlines of the Organising Committee of the Olympic and

Paralympic Games (OCOG). All athletes and teams are equally subject to their respective NPC's selection standards.

COMPLIANCE WITH CLASSIFICATION RULES

Only qualified athletes who meet the relevant IF's sport-specific classification rules and have an appropriate sport class and sport class status will be eligible for entry in the Paris 2024 Paralympic Games. It is the responsibility of each NPC to ensure that its athletes are appropriately classified in their respective sports prior to entry and that each athlete holds a sport class and sport class status that complies with the IF's eligibility requirements as published in these Regulations. In particular, an athlete is only eligible to be entered in an event that is open to their respective sport class under the relevant IF's rules.

4. BIPARTITE COMMISSION INVITATIONS

While the primary method of implementing the Paralympic Games guiding principles (set out in the IPC Handbook) is through the standard qualification methods, the IPC and certain IFs have also sought to provide targeted qualification slot allocations through Bipartite Commission Invitations. Bipartite Commission Invitations are included in the overall athlete quotas of the relevant sports chapters as set out below.

Subject to the following, Bipartite Commission Invitations are granted by the IPC in its sole discretion following engagement with the relevant IF. To be eligible for a Bipartite Commission Invitation, in all circumstances:

- (a) an athlete must meet the general IPC regulations on eligibility above and the IF's own sport-specific eligibility criteria below; and
- (b) an athlete must meet the relevant IF's classification eligibility requirements and may only be granted a Bipartite Commission Invitation in relation to an event that is open to their respective sport class under the relevant IF's rules.

While at the sole discretion of the IPC, Bipartite Commission Invitations may typically consider the following factors:

- allowing the participation of top athletes who may not have had the opportunity to qualify through other methods due to extraordinary circumstances;
- ensuring the representation of athletes with high support needs;
- enabling greater representation by gender;
- ensuring medal events will have sufficient representation for event viability purposes; and/or
- optimising the presentation of a particular contest within its competition format and schedule.

Each Bipartite Commission Invitation is granted to an individual athlete, not to the respective NPC. All Bipartite Commission Invitation decisions are final with no opportunity for protest or appeal.

Where applicable, the timeline for submission and acceptance of Bipartite Commission Invitation applications is set out in the relevant IF's chapter of these Regulations.

5. REDISTRIBUTION OF VACANT QUALIFICATION SLOTS

Each IF confirms in writing to the NPCs the allocation of qualification slots that their teams and athletes have obtained. The NPCs then must confirm acceptance of their allocated slots by the deadline established in each IF's chapter of these Regulations. Any qualification slots not used by an NPC will be reallocated according to the method outlined in the respective IF's chapter of these Regulations.

Qualification slots that cannot be reallocated by the established deadlines or become vacant (following the reallocation deadline) may be redistributed at the sole discretion of the IPC to any sport on the programme and across gender categories. However, in all circumstances slot redistributions cannot be used to override:

- a) the general IPC regulations on eligibility above; or
- b) the IF's classification eligibility requirements, and slot redistributions may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules.

Each slot redistribution is granted to an individual athlete, not to the respective NPC. All redistribution decisions are final with no opportunity for protest or appeal.

6. UNIVERSALITY WILD CARDS

In each edition of the Paralympic Games, the IPC aims to further the Paralympic Games guiding principle of universality and ensure representation of a maximum number of eligible member NPCs. This slot provision is called the Universality Wild Card (UWC) method and is by IPC invitation only.

UWC invitations are granted by the IPC in its sole discretion, and no athlete or NPC is entitled to receive a UWC. UWC invitations may be extended by the IPC if an NPC has either: (a) been unable to qualify any athletes; or (b) has obtained only one qualification slot across all sports on the Games Programme. A maximum of one male UWC and one female UWC may be granted if an NPC has been unable to qualify any athletes. A maximum of one female UWC may be granted if an NPC

has obtained only one qualification slot (irrespective of the gender associated with the slot).

In order to be considered for a UWC an athlete must meet the following criteria:

- comply with the general IPC regulations on eligibility above;
- comply with the relevant IF's classification eligibility requirements, and UWC invitations may only be granted in relation to an event that is open to the athlete's respective sport class under the IF's rules;
- meet all the IF's other sport-specific eligibility criteria (unless any such eligibility criteria are expressly waived by the IPC as part of the invitation); and
- be on the Accreditation Long List as described under Key Dates below.

Each UWC invitation is granted to an individual athlete, not to the respective NPC. If an NPC qualifies athletes via the regular qualification pathways after one of its athletes has been granted a UWC, that UWC is revoked and the athlete who qualified via the regular qualification pathway obtains the slot instead.

UWC invitations fall outside the athlete quotas by sport as published in these Regulations.

For the Paris 2024 Paralympic Games the IPC will only consider granting UWCs in the following sports:

- Para athletics
- Para swimming

All UWC decisions are final with no opportunity for protest or appeal.

The IPC will open the UWC application process around six months prior to the Paris 2024 Paralympic Games (in the spring of 2024).

7. KEY DATES

The following dates and deadlines have been established by the IPC and the Paris 2024 OCOG:

BEGINNING OF QUALIFICATION PERIOD: 01 JANUARY 2022

Subject to the following, each IF will determine its own qualification period during which athletes and teams can attain results and rankings that count towards qualification for the Paris 2024 Paralympic Games:

- a) No IF may establish a qualification period that begins prior to 01 January 2022, whereby direct slot allocations (as defined above) are obtained by athletes or teams for the Paris 2024 Paralympic Games.
- b) Results attained before this date cannot be considered for qualification to the Paralympic Games. Exemptions may be granted by the IPC under exceptional circumstances. However, results and rankings from the Tokyo 2020 Paralympic Games must not contribute to athlete qualification for the Paris 2024 Paralympic Games.
- c) Participation in a competition during the qualification period may depend on results achieved prior to the beginning of the respective sport's qualification period.

ACCREDITATION DEADLINE: (TBD)

Each NPC must submit to the Paris 2024 OCOG complete information about every potential delegation member who may attend the Paris 2024 Paralympic Games. This "Accreditation Long List" includes athletes (including, but not limited to, duly qualified, replacements, substitutes, bipartite candidates, UWC candidates), competition assistants (such as guide runners, tandem pilots, goalkeepers, Boccia assistants), coaches, team physicians, administrators, physiotherapists, caretakers, press attachés, Paralympic attachés, Chefs de Mission, NPC Presidents, NPC Secretaries General and accompanying guests. Only athletes who are accredited by (TBD) can be entered into the Paris 2024 Paralympic Games by the sport entries deadline (see below).

SPORT ENTRIES DEADLINE: 5 AUGUST 2024

Sport entries is the official registration process for qualified athletes selected to participate in the Paralympic Games. Any athlete an NPC may choose to enter must meet all applicable eligibility criteria by the time the entry is made. The athlete must also be on the "Accreditation Long List" (see previous section). The last possible day to meet the applicable eligibility criteria is 5 August 2024. Sport entries will close at 23:59h, Paris time, on 5 August 2024.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC may be allocated a maximum of two (2) slots per individual medal event for a maximum of six (6) male slots and six (6) female slots.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 31 December 2024; and
- Have achieved one (1) of the following Minimum Qualification Standards (MQS) for their respective sport class between 1 July 2023 and 1 July 2024:

ALLOCATION OF QUALIFICATION SLOTS

An athlete may only obtain a maximum of one qualification slot. The qualification slot is allocated to the NPC not to the individual athlete with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete not to the NPC.

To ensure all medal events on the programme are viable at the Paris 2024 Paralympic Games, World Para Athletics (WPA) reserves the right - through any allocation method - to allocate slots to the exclusive use of certain sport classes determined by WPA, for example for athletes with high support needs. Such ("ring-fenced") slots shall be used as allocated or the respective NPC must return the slot to WPA.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of forty (40) male qualification slots and thirty-three (33) female qualification slots. Exceptions may be granted through the Bipartite Commission Invitation method. If an NPC is unable to use all of the allocated qualification slots in a given gender, the unused slots cannot be transferred to the other gender. They will be reallocated in the respective gender to other NPCs through the Bipartite Commission Invitation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

1. hold an active WPA Athlete Licence for the 2024 season;
2. be internationally classified before 5 August 2024 in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 2025 or later; and
3. have achieved one (1) Minimum Entry Standard (**MES**) performance at a WPA Recognised Competition for each of their respective events between 1 October 2022 and 4 August 2024 (inclusive) in accordance with the terms of the WPA Athlete Licensing Regulations valid for the 2022-2024 seasons.

Exceptions may be granted to criterion 3 above via the Bipartite Commission Invitation method.

To be eligible for a relay event, athletes must be entered into an individual event.

MAXIMUM ENTRY PER NPC

An NPC may enter a maximum of three (3) eligible athletes per individual medal event provided each has achieved at least a MES performance in that event.

NPCs may enter a maximum of one (1) team in the relay medal event.

NPCs may enter a maximum of six (6) eligible athletes in each marathon medal event. A maximum of three (3) athletes per NPC may enter each marathon medal event as their only event.

NPCs may enter an eligible athlete in an unlimited number of individual medal events as long as the athlete has achieved a MES performance in each respective event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
2023 Marathon World Championships Allocation	The top six (6) ranked athletes at the 2023 Para athletics Marathon World Championships in each medal event on the Paris 2024 Games Programme each obtain one (1) qualification slot for their respective NPC. In the case that this competition does not take place, or fewer slots are allocated through this method than available in the quota, WPA will	12 male athletes 12 female athletes

	allocate the remaining slots via the High Performance Allocation method (see below).	
2023 World Championships (Track and Field) Allocation	<p>The top four (4) ranked athletes at the 2023 Para athletics World Championships in each of the individual medal events on the Paris 2024 Games Programme (excluding the marathon events) will each obtain one (1) qualification slot for their respective NPC.</p> <p>In the case that an athlete is ranked in top four (4) places in more than one medal event, the athlete can only obtain one (1) qualification slot for their NPC.</p> <p>Athletes who have obtained a qualification slot through the previous allocation method(s) cannot obtain an additional slot for their NPC through this allocation method or vice versa.</p> <p>In the case that this competition does not take place, or fewer slots are allocated through this method than available in the quota, WPA will allocate the remaining slots via the High Performance Allocation method (see below).</p>	<p>360 male athletes</p> <p>292 female athletes</p>

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC, not to the individual athlete. An athlete can only obtain one (1) qualification slot for their NPC.

An athlete can only obtain a qualification slot for his/her NPC during the qualifying competition if he/she has a 'Confirmed' status or a 'Review with a Fixed Review Date' status after 31 December 2024 at the qualifying competition.

If an athlete attains a qualifying rank in both a Kayak and a Va'a medal event at the same qualification event, the NPC is allocated the Va'a qualification slot while the Kayak qualification slot is allocated to the next highest ranked athlete in the respective Kayak event (not otherwise qualified).

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of one (1) qualification slot per medal event. An NPC can obtain a maximum of five (5) male and five (5) female slots.

There must be a minimum of three (3) continents represented in each medal event at the Paris 2024 Paralympic Games (*ICF Three Continents Rule*). Should three (3) continents not be represented then the lowest ranked qualified NPC at the 2024 ICF Paracanoe World Championships will lose their slot in the respective medal event and the qualification slot will be given to the highest ranked NPC from

another continent not represented in that event. This process will be repeated until three (3) continents are represented in all medal events. Host Country slots will count as representing a continent.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes must:

- be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date after 31 December 2024;
- have competed in the 2023 ICF Paracanoe World Championships or the 2024 ICF Paracanoe World Championships.

MAXIMUM ENTRY PER NPC

An NPC must enter a minimum of one (1) eligible athlete per medal event for which a qualification slot was obtained. An athlete may be entered in a second medal event of the other boat category (Kayak or Va'a) as long as they hold the required sport class for that additional event and also meet the above eligibility requirements. An NPC may enter a maximum of two (2) eligible athletes per medal event.

An athlete may enter a maximum of two (2) medal events, one Kayak and one Va'a, as long as the athlete meets all classification and eligibility requirements for both events.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL
2023 World Championships Qualification	The top six (6) ranked athletes in each medal event obtain one (1) qualification slot for their NPC up to the maximum quota.	30 male athletes 30 female athletes
2024 World Championships Qualification	The top four (4) ranked athletes in each medal event (not yet qualified) each obtain one (1) qualification slot for their NPC up to the maximum quota. The number of slots allocated via this method is subject to the allocation of Host Country slots (see below).	Up to 20 male athletes Up to 20 female athletes

	<p>Note: The seeding of heats at the Paris 2024 Paralympic Games will be based upon the results ranking of qualified NPCs at the 2024 ICF Paracanoe World Championships.</p> <p>In the event the 2024 ICF Paracanoe World Championships is not held, or an event is not offered, the respective slots will be allocated to the next highest ranked and not otherwise qualified NPCs in the same medal event at the 2023 ICF Paracanoe World Championships.</p>	
Host Country Allocation	<p>The host country directly qualifies one (1) eligible male athlete in Kayak, one (1) eligible female athlete in Kayak, one (1) eligible male athlete in Va'a and one (1) eligible female athlete in Va'a, subject to participation in the 2024 ICF Paracanoe World Championships.</p> <p>The Host Country slots will be awarded from the events in which the host country has had the highest ranked performance at the 2024 ICF Paracanoe World Championships. In case the host country has more than one athlete in the same gender and boat category with the same rank at the 2024 ICF Paracanoe World Championships, the host country must then select from which medal event it wants to obtain the qualification slot.</p> <p>These slots will be deducted from the 2024 World Championships Qualification quota in the respective medal event and gender.</p> <p>Should the host country obtain any qualification slot at the 2023 or 2024 ICF Paracanoe World Championships the host country will not receive a qualification slot for the respective boat category and gender, under the Host Country Allocation method.</p>	<p>Up to 2 male athletes</p> <p>Up to 2 female athletes</p>

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC not to the individual athlete. In the case of a Bipartite Commission Invitation the qualification slot is allocated to the individual athlete not to the NPC.

UCI will apply a "ring-fenced system" to some or all of an NPC's allocated qualification slots in order to protect the viability of certain medal events. The NPC will be required to confirm entry of a qualified and eligible athlete in the specified sport class in order to retain the respective qualification slot.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated no more than thirteen (13) male and seven (7) female athlete Individual qualification slots for a maximum quota allocation of twenty (20) qualification slots per NPC, with Tandem being counted as one (1) athlete. Exceptions may be granted through the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC, athletes (including Tandem pilots) must:

- hold a UCI license issued by a national cycling federation;
- be at least 14 years of age by 31 December 2024;
- must have raced in at least one (1) sanctioned, international UCI Para-Cycling competition between 1 January 2022 and 15 July 2024;

- be internationally classified with a 'Confirmed' sport class status or a 'Review' sport class status with a review date after 31 December 2024 (not applicable to Tandem pilots).

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of three (3) eligible athletes per Individual medal event. For the Individual Road Race medal events with combined sport classes an NPC can enter a maximum of three (3) eligible athletes per sport class and a maximum of five (5) eligible athletes per Individual Road Race medal event.

Each athlete must enter a minimum of two (2) medal events (Individual or Team).

An NPC can enter a maximum of one (1) team per Team medal event.

QUALIFICATION SYSTEM

Qualification slots will be allocated in the following order:

METHOD	QUALIFICATION	TOTAL																					
2022 UCI Nations Ranking Allocation	The highest ranked NPCs on the UCI Para-cycling Nations Ranking Lists for each gender combined (Road and Track) closing 31 December 2022 each obtain one (1) qualification slot up to the maximum regional quotas below:	47 male athletes 28 female athletes

In order to maintain their slot(s) allocated under this method, NPCs must have had at least one (1) athlete for each allocated gender slot participating in one (1) of the following competitions:

The same applies for qualification slots which could not be confirmed due to an athlete not participating in one (1) of the above-listed events.</p>	
2024 UCI Paralympic Ranking Allocation	<p>A combined (Road and Track) ranking called the 2024 UCI Paralympic Ranking will be used to allocate all remaining slots except for five (5) male and five (5) female bipartite slots. In most instances the allocation figure will be rounded up to the next whole number. However, at UCI's discretion allocation figures with .40 or below may be rounded down.</p>	
Bipartite Commission Invitation Allocation	Five (5) eligible male athletes and five (5) eligible female athletes will receive Bipartite Commission Invitation slots. Only those countries that have not qualified any boats at the 2023 World Rowing Championships shall be eligible to participate in the Continental Qualification Regattas. There will be no restriction on who may participate in the Final Qualification Regatta. An eligible NPC may only enter one (1) boat per event at the relevant Continental Qualification Regatta and at the Final Qualification Regatta.

An NPC will be allowed to qualify a maximum of one (1) boat through the Continental Qualification Regatta. If an NPC achieves more than one qualifying place at a Continental Qualification Regatta, it is the highest-ranking boat from the NPC that qualifies for the Paralympic Games. If two boats have equal rank in qualifying places, then the NPC must select the boat that will qualify for the Paralympic Games.

In the case where two boats from an NPC achieve a qualifying place at the Continental Qualification Regatta, the qualification place of the boat that is not selected by the NPC to qualify for the Paralympic Games passes to the next highest ranked boat in that event.

There shall be no restriction on the number of boats which an NPC may qualify at the 2023 World Rowing Championships and the Final Qualification Regatta up to the entry limit of one boat per NPC per medal event at the Paralympic Games.

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the NPC not to the individual athlete, with the exception of Bipartite Commission Invitation slots which are allocated to the individual athlete, not to the NPC.

To ensure all medal events on the program are viable at the Paris 2024 Paralympic Games World Para Swimming ("WPS") reserves the right to allocate slots to the exclusive use of certain sport classes determined by WPS, for example for athletes with high support needs. The slot shall be used as allocated or the NPC must return the slot to WPS.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of thirty-four (34) male qualification slots and a maximum of twenty-eight (28) female qualification slots for a maximum total of sixty-two (62) qualification slots per NPC. Exceptions may be granted through the Bipartite Commission Invitation Allocation method.

ATHLETE ELIGIBILITY

To be eligible for selection by an NPC athletes must:

1. hold a World Para Swimming Athlete License for the 2024 season;
2. be internationally classified before 30 June 2024; in an eligible Sport Class with a Sport Class Status of (i) Confirmed or (ii) Review with a Fixed Review Date of 2025 or later;

3. have achieved a Minimum Qualification Standard (“MQS”) at a 50m World Para Swimming Recognised Competition (as defined in the World Para Swimming Rules & Regulations) for the respective event (including relay events) between 1 October 2022 and 28th July 2024 (inclusive);
4. have achieved a MQS in accordance with the World Para Swimming Athlete Registration and Licensing Regulations valid for the 2022-2024 seasons;
5. have competed in: (i) at least one (1) Para Swimming World Series between 1 October 2022 and 30 June 2024 (inclusive); and (ii) one (1) of the following competitions between 1 October 2022 and 30 June 2024 (inclusive):
 - any World Para Swimming World Championships;
 - any World Para Swimming Regional or Regional Open Championships;

MAXIMUM ENTRY PER NPC

An NPC may enter a maximum of three (3) eligible athletes per individual medal event.

NPCs may enter their eligible athletes who have met at least one (1) MQS in an unlimited number of medal events, subject to the athlete having met the Minimum Entry Time (MET) for each event entered into.

NPCs may enter a maximum of one (1) team in each relay event, subject to the MQS for that relay event having been met. All team members must have entered at least one (1) individual medal event to be selected as part of the relay team.

ALLOCATION OF QUALIFICATION SLOTS

An athlete may only obtain a maximum of one (1) qualification slot. The qualification slot is allocated to the NPC, not to an individual athlete. Any slot obtained through the Paralympic Ranking List allocation method (including reallocation) must be filled by an athlete who is ranked in the top-20 of the respective sport class and weight category on the World Para Taekwondo Paralympic Ranking list at one point between 1 January 2024 and 1 May 2024.

In the case of a Bipartite Commission Invitation the slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC may be allocated a maximum of five (5) male and five (5) female qualification slots for a maximum total of ten (10) slots as long as all of these slots are earned through the Paralympic Ranking List allocation method. An NPC can only earn one (1) slot per medal event. An NPC obtaining slots through the Continental Qualifier Allocation method can only be allocated a maximum of three (3) male and three (3) female qualification slots for a maximum total of six (6) slots.

30 June 2024	End of period for teams to attend WWR sanctioned international events to obtain eligibility
5 August 2024	Deadline for Paris 2024 Organising Committee to receive sport entry forms submitted by NPCs

CONFIRMATION PROCESS OF ALLOCATED SLOTS

By 29 May 2024 each qualified NPC must confirm to WWR in writing or via email if they wish to use their allocated slot. NPCs that have not responded by this date will lose their team qualification slots, and WWR may reallocate these slots.

By 6 July 2024 WWR will confirm in writing the reallocation of all unused team qualification slots.

By 13 July 2024 it is officially declared that the respective NPCs will use the allocated quota granted for the Paris 2024 Paralympic Games. Any NPC that does not use its allocated team qualification slot may be subject to sanctions by IPC and WWR.

REALLOCATION OF UNUSED QUALIFICATION SLOTS

Any team qualification slots allocated and not used by the respective NPC will be reallocated to the next highest placed NPC (not otherwise qualified) at the qualification event where it was obtained.

In the case that no eligible team is available for reallocation at the respective competition, or if the Host Country does not use its allocated slot, the unused slot will be reallocated to the highest ranked NPC (not otherwise qualified) on the WWR World Ranking list closing one week after the completion of the Paralympic Qualification Tournament.

ALLOCATION OF QUALIFICATION SLOTS

The qualification slot is allocated to the individual athlete, not to the NPC.

MAXIMUM QUOTA ALLOCATION PER NPC

An NPC can be allocated a maximum of four (4) male and four (4) female qualification slots for athletes competing in the men's and women's events, and no more than three (3) qualification slots in the quad event for a maximum total quota allocation of eleven (11) qualification slots per NPC.

ATHLETE ELIGIBILITY

All athletes must comply with the General IPC Regulations On Eligibility detailed in the front section of the Paris 2024 Paralympic Games - Qualification Regulations, published here:

<https://www.paralympic.org/paris-2024/qualification-regulations>.

Unless otherwise specified in this Qualification System, to be eligible for selection by an NPC, athletes must also:

- 1 have an official ranking on the Wheelchair Tennis Singles World Ranking List dated 15 July 2024 (tbc) (subject to the exception for Bipartite Commission Invitations set out below); and

- 2 be internationally classified in an eligible Sport Class with a Sport Class Status of (i) Confirmed; or (ii) Review with a Fixed Review Date of 01 January 2025 or later; and
- 3 have been part of a final nominated team and been present onsite for World Team Cup events (including qualifying and Junior World Team Cup) for a minimum of two (2) years between 2021 and 2024 provided that one of these years is either 2023 or 2024 (however, exceptions to this requirement may be granted by the ITF in accordance with the ITF Paris 2024 Paralympic Wheelchair Tennis Event Regulations); and
- 4 fulfil the minimum eligibility requirements outlined here: <https://www.itftennis.com/media/7643/paralympic-wheelchair-tennis-event-eligibility-rule-paris-2024.pdf>

For Bipartite Commission Invitations, the ITF and the IPC may consider athletes who do not have an official ranking on the Wheelchair Tennis Singles World Ranking List dated 15 July 2024 (tbc) as long as they have competed in at least one ITF Wheelchair Tennis competition between 01 January 2022 and 14 July 2024 (tbc).

NPCs may only nominate athletes for participation in the Paris 2024 Paralympic Wheelchair Tennis event if their country's National Association is a current ITF member in good standing, and it has been a member since at least 31 December 2023.

The participation of an athlete in the Paralympics is conditional upon meeting the above detailed athlete eligibility criteria (both IPC and ITF). For the avoidance of doubt, where either the ITF or IPC eligibility criteria impose stricter or additional requirements than the other, the stricter or additional rules shall apply.

MAXIMUM ENTRY PER NPC

An NPC can enter a maximum of four (4) qualified male athletes and four (4) qualified female athletes in the men's and women's singles events, respectively.

An NPC can enter a maximum of three (3) qualified athletes in the quad singles event.

An NPC can enter a maximum of two (2) eligible men's teams and two (2) eligible women's teams in the men's and women's doubles events, respectively.

An NPC can enter a maximum of one (1) eligible team in the quad doubles event.

Team members are selected from the athletes participating in their respective singles event. NPCs must submit their doubles nominations in writing to the ITF by (date tbc). Any nomination changes shall be as provided for in the ITF Paris 2024 Paralympic Wheelchair Tennis Event Regulations.
